

Huntington School Opportunity Trust

Application for funding

The Opportunity Trust exists to enhance educational opportunities at the school. It welcomes applications from pupils and teachers at Huntington School. The Trust is particularly interested in projects and schemes that cannot be paid for by normal allocated funding. Don't feel you have to fill in every square centimetre of this form. Just use the spaces to tell us what you think we need to know and then stop writing.

Who are you?

Please fill in any details we might need to know about you, like your name, whether you are pupil or teacher, your form or age or how long you have been at the school and just a little about yourself.

How much money do you want?

This might be just one figure or you might be asking for a contribution to something. Just explain what you want and make it as clear as you can.

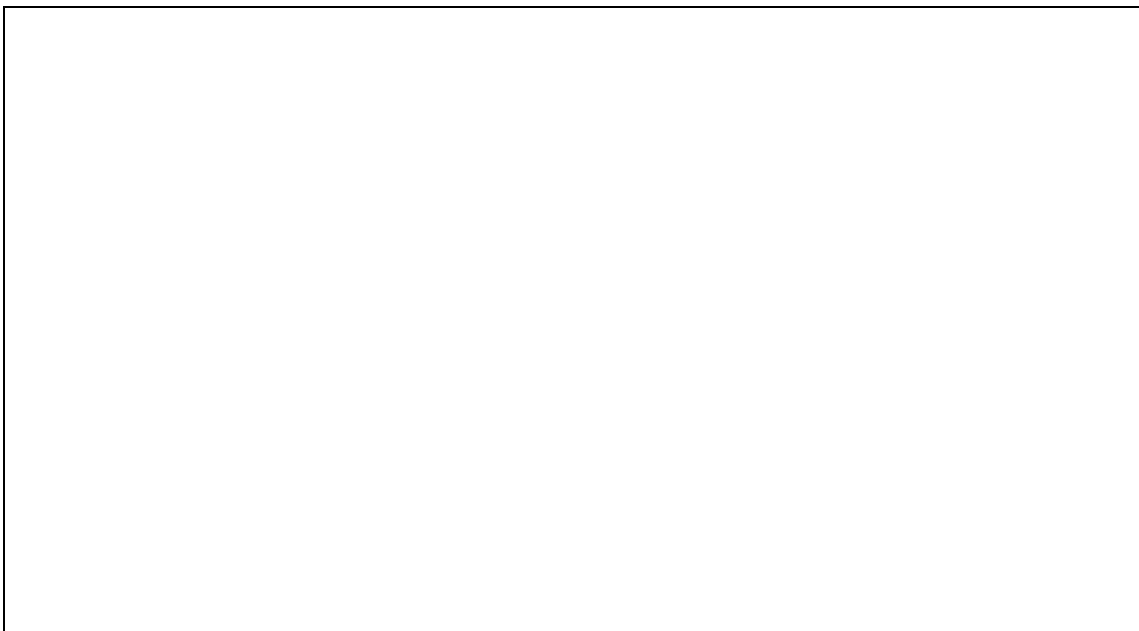

What do you want the money for?

Just give as much detail as you think we need to really understand what the money is for.

Why will this be a good thing for your education or for the education of others?

This is your chance to really sell this idea to us. You need to make it sound as exciting as you can.

Whose support do you already have or whose support will you need to make this thing happen?

You may have nothing to say here but the project you are suggesting may need the support of other pupils, or of your parents, or of a teacher/s, or of the Senior Staff, or of the Headteacher, or of the Governors. Just explain what support you have. We've given you lots of room so that your supporters can sign the form to indicate their support.

Anything else that you would like to tell us?

This is the last chance to influence us. You might want to tell us something about what you would do for the school if we do this for you. You might want to say something about how you would make sure that this scheme or project would work. If you have already said everything please don't repeat yourself. Just leave the space blank.
